## SCHEDULE 1: FUNDAMENTAL PRINCIPLES OF THE AWARD

### The International Declaration

The Award concept is one of individual challenge. It presents to young people a balanced, non-competitive program of voluntary activities that encourages personal discovery and growth, self-reliance, perseverance, responsibility to themselves and service to their community.

### The Fundamental Principles

- The criteria for gaining an Award is individual improvement through persistence and achievement, taking into account the Participant's initial capabilities, and without any element of competition between Participants
- Participation is entirely voluntary and the individual Participant has a completely free choice in the selection of the locally available options within the four sections (five for Gold)
- There is no discrimination against participation on grounds of sex, race religion or political affiliation

### The Operational Principles

Participants must be between the ages of 14 and 25.

- The basic structure of The Award program consists of the four mandatory sections: Fitness (Physical Recreation), Skill, Volunteering (Service), and Adventurous Journey
- There are three levels of The Award: Bronze (for those 14 and over), Silver (for those 15 and over), and Gold (for those 16 and over)
- The minimum period of participation for direct entrants to qualify for an Award is 6 months for Bronze, 12 months for Silver, and 18 months for Gold
- At Gold level Participants must undertake a Residential Project away from home

Volunteering	Connect with your community and realize your passions. Any area of interest in the community, such as youth work, the environment or charity work.
Adventurous Journey	Discover your sense of adventure and bond with your mates. A journey into an unfamiliar environment with a group – bushwalking, canoeing, cycling, an urban adventure – staying overnight and testing your resilience.
